

Wayne STEM Academy -- Opening August 2023

Enrollment Engagement

Wayne STEM Academy extends a thanks to all of our families who have signed on for our "first flight" in the 2023-24 school year. We are honored by your trust in us and are eager to play our part in the development and growth of your children.

If you've already enrolled your student at Wayne STEM Academy, you may have questions about what happens next.

Here are some answers to questions that our families often wonder about at this stage of the process.

I've enrolled & provided my child's birth certificate. What else do I need to do?

Short answer -- relax for now and enjoy our upcoming community events. Our Student Information System, Enrollment, and Attendance Coordinator will be reaching back out in July with easy-to-follow requests for records and any additional forms we need.

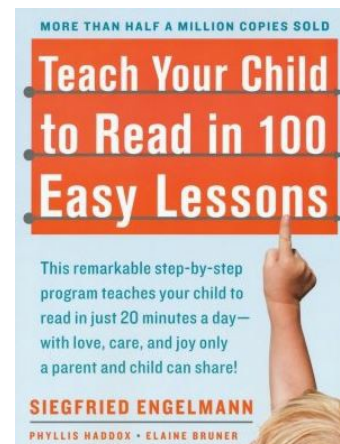

Wayne STEM is a uniformed school. When and how do I get my child's clothing for school?

Wayne STEM is partnering with a leading school uniform provider called French Toast. We're finalizing our apparel plans and will provide updates via website and social media very soon. **We're also pleased to announce that our Board of Directors will be sending every enrolled student a voucher to purchase their first few uniform items!**

My child is entering kindergarten this fall. What are some things I can be doing in the summer to prepare for school?

To help your student prepare for reading, we suggest taking a look at **Teach Your Child to Read in 100 Easy Lessons**. Two of the authors -- **Siegfried Engelmann** and **Phyllis Haddox** -- are the designers of our *Direct Instruction* programs that we will be using in Reading and Math. Kids as young as 4 years old can get a head start with the program this summer in 12-20 minute increments.

Dr. Forgette has developed a FREE Companion Video

Series for the book to help you learn more about the program and engage with your child in fun additional practice.

We're wait listed! Now what???

We want to take a moment to talk with families who have not yet received enrollment for our 2023-24 school year. "Please keep the faith!"

It's true that we are at capacity for a few of our grades at the moment. It's also important to recognize that enrollment numbers tend to be fluid. Particularly in a community like ours, where redeployments and other family dynamics lead to life changes, it's not uncommon for some enrolled families to forfeit their slots.

If you are currently wait listed or have yet to apply, because you don't expect to be admitted to Wayne STEM, please reconsider. There is a very good likelihood that many families currently wait listed will wind up being enrolled at Wayne STEM. We encourage you to be patient as we work through the admissions process with everyone.

Wayne STEM Academy Video Series: "You Have Questions - We Have Answers"

Wayne STEM Academy welcomes the opportunity to share more information with the community about our new innovative school.

Please click here to view our current Facebook video that addresses questions that families often have about our plans, on subjects such as transportation and before and after school programs.

Enrollment Continues At Wayne STEM

WAYNE STEM ACADEMY

OPENING 2023-24 IN GOLDSBORO
TUITION-FREE, PUBLIC CHARTER K-3 SCHOOL

APPLY TODAY!

WayneSTEM.org

Wayne STEM Academy is accepting applications for rising students in grades K-to-3 for the 2023-24 school year, as we ultimately progress to being a K-to-5 school in coming years.

To increase your child's chances for admission, please apply as soon as possible. **[Click here to apply now.](#)**

Wayne STEM Lift Off Event Was "Out Of This World!"

Wayne STEM Academy sends an enthusiastic THANK YOU for everyone who attended our very first community activity. Our **Lift Off** celebration on Sunday May 7 brought together well

over 100 students, families and Wayne STEM team members for an afternoon of fun, food and fellowship. We enjoyed the opportunity to meet so many of our new students, as well as the families we will partner with in serving our children. More events are on the way in the coming months!

Wayne STEM In The Community . . .

A vital part of the Wayne STEM Academy mission is to be fully engaged with the people, places and projects that make our community so special. We'll be in attendance at several events in the coming weeks. Please be sure to drop by and introduce yourself! We can't wait to see you!
