

# Wayne STEM Academy A First Week To Remember!

The team at **Wayne STEM Academy**, is excited to share some visual images from our first week of operation, as the area's first tuition-free STEM-based elementary school.

Even with the stormy weather and some of the inevitable settling in during this first week, it's been great to have our students and staff together, as we begin this amazing academic journey.

---

**Applications Are Still  
Being Accepted At Wayne STEM**

As we enter in to the start of our first year of school, Wayne STEM still has room for a few more students in grades K-to-3! The response we've received from our families has been enthusiastic and we encourage parents who are still looking for an outstanding academic learning experience to consider Wayne STEM.

Please [click here to fill out an application form.](#) to indicate your interest in having your student become part of the Wayne STEM family.

## "See What They're Saying About Wayne STEM"

The team at Wayne STEM wishes to extend an enthusiastic THANK YOU to our families and supporters as we all settle in to the new routine of our first week of school. We genuinely appreciate the kind words and support we're receiving. One of our parents, **Ashley Costello**, even volunteered to share her first week experience with other families in the community. Thank you Ashley!

We're also pleased to share these comments from another Wayne STEM parent on Facebook, who noted "Gotta hand it to the school ... My son absolutely loves this school and has come home more excited about school than EVER before. So thankful you are here!

## "See What They're Writing About Wayne STEM"

We also wish to thank the folks at **New Old North Media** for their lead story in the latest edition of **Wayne Week**.

**Journalist Renee Carey** takes an in-depth look at our school and how we got here.

Copies of the latest edition are available at locations throughout Wayne County.

## The Bird's Eye View Of Car Pool Drop Offs & Pick Ups

The Wayne STEM leadership team and staff appreciates everyone's patience and cooperation as we introduce the school's car pool drop off and pick up process. It's been exciting to see the progress everyone is making in a short amount of time.

As a reminder, we ask that all car and bus traffic use the entrance on Summit Road that is furthest from our school site. Please enter the property in a single-file line. Once you've rounded the corner near our learning cottages, please use both lanes to form double drop off and pick up lines. Members of our team will be on hand to assist you at this point. Once you have dropped off or picked up your student, please exit promptly and directly back on to Summit Road.
