

# Wayne STEM Academy -- Opening August 2023

---

## Wayne STEM Progress -- Everywhere You Look!

We hope everyone is having an enjoyable summer and we're excited to touch base with the latest updates and next steps, as we prepare for our school opening this August.

It's exciting to sense momentum across the board and it's time for all of us to begin moving forward in a variety of areas.

Please review the information below and be sure to contact us with any questions you may have.

---

### Enrollment Process Is Moving Ahead

**Wayne STEM SIS, Enrollment & Attendance Coordinator [Sharon Bass](#)** will be reaching out to all of our enrolled students.

Families should receive an email from our Enrollment Suite indicating their enrollment form has been reviewed. An individual letter from Ms. Bass will include a **Request for**

**Transcripts** document (with instructions), and your **\$50 Uniform Code** to be used at French Toast, so that you can begin your apparel purchases for the school year.

You will also receive an individual call to confirm your receipt of the documents and to answer any questions you may have prior to our Open House in August. **[Check out the Wayne STEM Academy French Toast Online Store here.](#)**

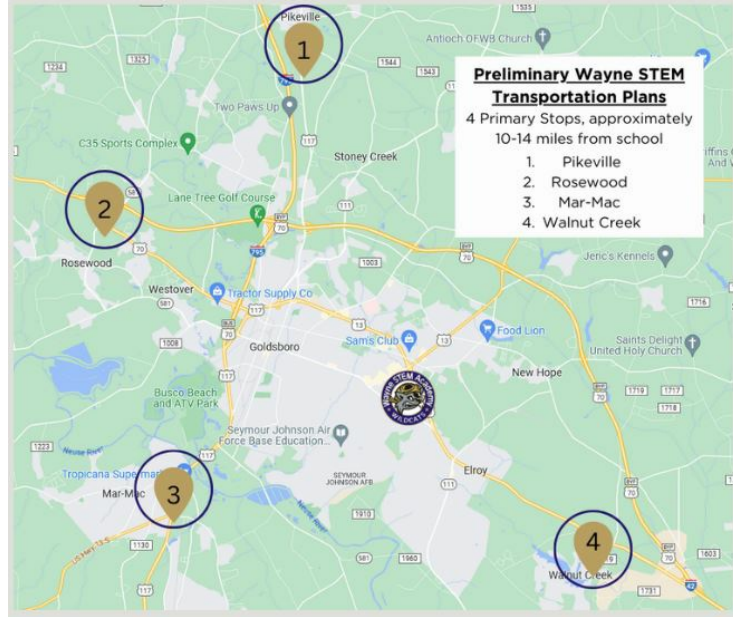

---

### Transportation Program Is Rolling Forward

**[Emily Marrs](#)**, our **Wayne STEM Director of Transportation**, will be reaching out to all of our families that have indicated an interest in transportation, with information about our confirmed bus stops across the county.

We will send two batch emails.

The first will go to all those who are interested in pickup at one of our four already determined locations (please see the adjacent map). The second will go to the those who have identified "other" as their preferred stop on the enrollment form. Ms. Marrs is working diligently to respond to our families that have expressed additional interest in a bus stop within the city for convenience and will be sharing more information pertaining to those requests.

Finally, we remind all of our families that if they are interested in securing transportation, they can [log on to the WSA webpage and click on the link for Request Transportation.](#)

## Learning Cottages Are Almost Ready For Placement

We're also very pleased to report that we're seeing significant headway, as the grounds on our property are being prepared for the installment of our Learning Cottages. The crews have been working diligently and the results are evident! Here's a look at some progress from the recent past.

We're looking forward to being able to provide tours to our new classrooms in the very near future.

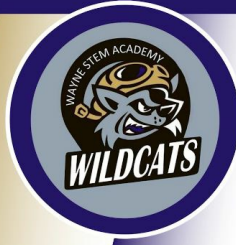

# Applications Are Being Accepted At Wayne STEM

## WAYNE STEM ACADEMY

OPENING 2023-24 IN GOLDSBORO  
TUITION-FREE, PUBLIC CHARTER K-3 SCHOOL

**APPLY TODAY!**

WayneSTEM.org

Wayne STEM Academy is still accepting applications for rising students in grades K-to-3 for the 2023-24 school year, as we ultimately progress to being a K-to-5 school in coming years.

To increase your child's chances for admission, please apply as soon as possible. [Click here to apply now.](#)

**If you are currently wait listed or have yet to apply, because you don't expect to be admitted to Wayne STEM, please reconsider.** As we have observed throughout the summer, there is a very good likelihood that many families currently wait listed will wind up being enrolled at Wayne STEM. Enrollment numbers tend to be fluid this time of year. Particularly in a community like ours, where redeployments and other family dynamics lead to life changes, it's not uncommon for some enrolled families to forfeit their slots. We encourage you to be patient as we work through the admissions process with everyone.

---

## Before & After School Program Registration Is On The Way!

The team at Wayne STEM is encouraged by the massive amount of interest we are seeing for "The Hangar" -- the place where we start and finish every day with fun, creative, and engaging opportunities for your child. The Hangar is located on-site at Wayne STEM Academy and is open 5-days per week for Before & After School activities.

We're on the verge of accepting registrations for The Hangar and we've made the process very easy! Parents will simply access their Enrollment Suite account and sign up! We'll notify everyone by email and social media when registration time is here. There's been a lot of enthusiasm about The Hangar, so please be sure sign up at your earliest opportunity.

To learn more about our before and after school program, [visit The Hangar section of the WSA website.](#)
